

Better By Design
The Next Generation of V.A.C.® Therapy

Designed to Make Wound Healing with V.A.C.[®] Therapy Easier*

Introducing the ActiV.A.C.[®] Therapy System

The next generation of V.A.C.[®] Therapy, the ActiV.A.C.[®] Therapy System delivers the same positive outcomes you trust – only easier. Built around customer input, KCI has created a system designed to enhance mobility and ease-of-use for home care patients and clinicians.

*Compared to V.A.C. Freedom[®] Therapy System

Easier to Use by Design*

The ActiV.A.C.® Therapy System was designed to make V.A.C.® Therapy simpler for patients and caregivers.

Seal Check™

Helps Locate and Resolve Leaks

- Provides instant feedback to help identify leaks
- Helps ensure accurate seals
- Easy troubleshooting for patients can reduce unscheduled caregiver visits

ActiV.A.C.® Therapy System's Seal Check™ makes delivering effective therapy easier.

Redesigned Therapy Unit

Lighter, Smaller, Smarter

- Simple touch-screen controls
- Easy, quick-release 300mL canister
- Single-touch therapy on/off

SensaT.R.A.C.® Technology

Accurate Therapy Delivery

- Alarm differentiation for easier troubleshooting
- Redesigned components for fewer false alarms and tubing blocks

The redesigned SensaT.R.A.C.® Pad is easier than ever to use.

Simpler Training by Design*

The ActiV.A.C.® Therapy System was designed to be easier to learn, allowing more clinicians to be proficient with V.A.C.® Therapy more quickly.

Touch-Screen Navigation

Easy to Learn

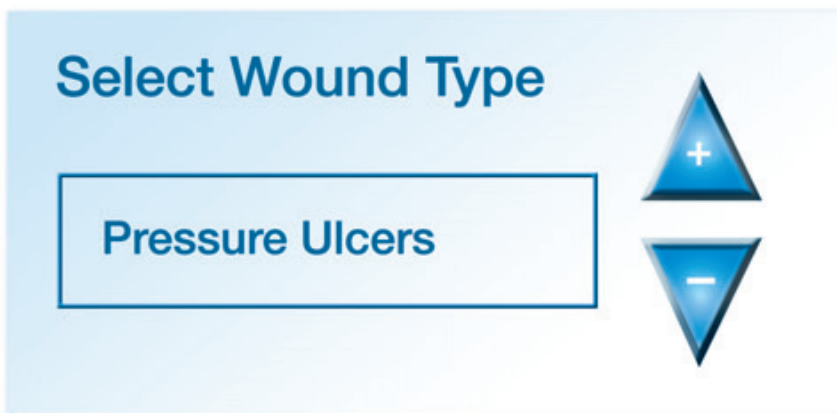

- Intuitive menus simplify therapy programming and operation
- Common touch-screen interface with InfoV.A.C.® Therapy System reduces training time and eases patient transitions

Settings Guide

Information Built In

- Aligned with V.A.C.® Therapy Guidelines
- Preset therapy settings by wound type eases setup
- Step-by-step guide simplifies setup for infrequent users

Intuitive touch-screen navigation includes features such as a V.A.C.® Therapy Settings Guide.

Better Compliance by Design*

The ActiV.A.C.® Therapy System was designed to make V.A.C.® Therapy easier and more comfortable for patients, while reassuring clinicians of therapy compliance.

Portable Therapy System

Enhanced Patient Mobility

- More than 35% lighter and smaller
- 17% longer battery life
- Discreet carrying case hides tubing
- Quieter operation

Therapy History Report

Real-Time Information

- Allows clinicians to monitor and track V.A.C.® Therapy usage
- Helps document patient compliance
- Can be easily downloaded to a computer via USB port

SensaT.R.A.C.® Pad

Designed for Comfort

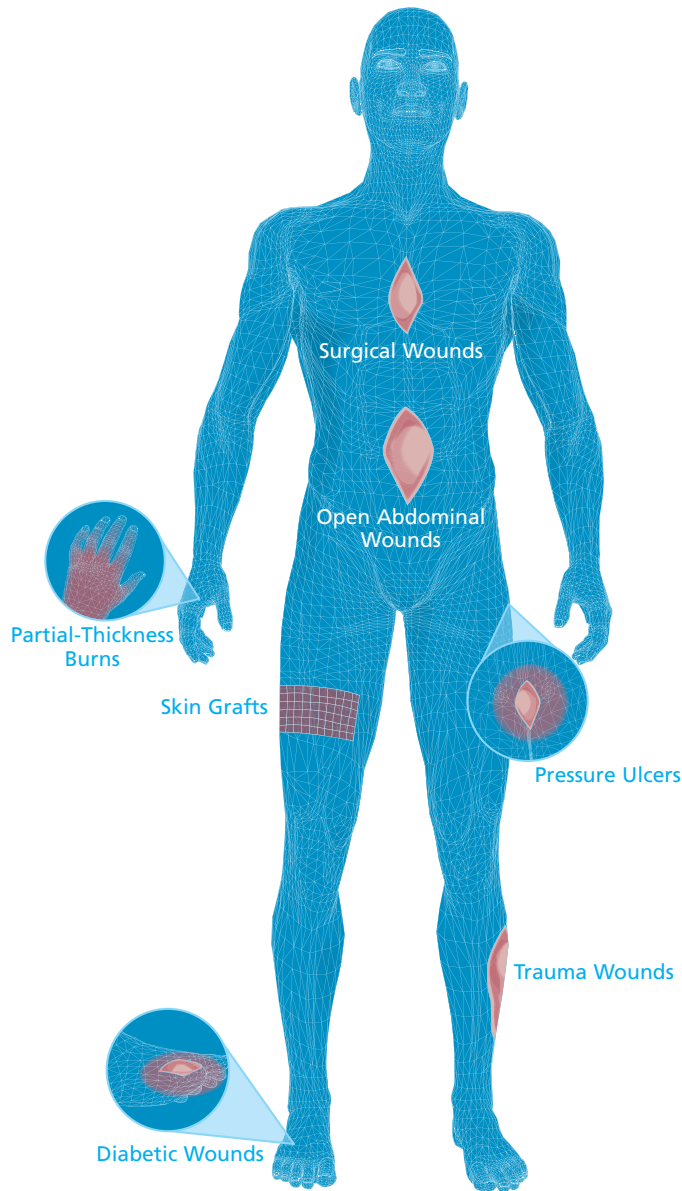

- Surface redesigned with patient comfort in mind
- Flexible pad more easily conforms to patient contours
- Low-profile design fits better under clothing
